WORKERS' COMPENSATION APPEALS BOARD

HUONG NGUYEN

Vs.

ANABI OIL CORPORATION; YORK
INSURANCE SERVICES SACRAMENTO

Defendant

) Case No.: ADJ10605419

) PETITION BY NON-PHYSICIAN LIEN
) CLAIMANT FOR MEDICAL
) INFORMATION

COMES NOW, EAGLE EYE IMAGING FONTANA (Lien Claimant) herein, through its non-attorney representative, Medical Lien Management ("Petitioner") files this Petition so that it may obtain an Order Authorizing Disclosure of Medical Information to a non-physician lien claimant pursuant to Title 8CCR §10637. YORK INSURANCE SERVICES SACRAMENTO is in possession of medical information which is necessary for Petitioner to sustain its prima facie burden of proof on the issue its lien filed in this matter. Petitioner provided various Diagnostics Studies pursuant to prescription on 2/8/2017 - 2/15/2017. Not having been paid the full amount owed, Petitioner filed a lien in this matter on or about 7/23/2018.

In order to sustain its prima facie burden of proof on the issue of its lien, Petitioner must show by a preponderance of the evidence that its services were reasonably, actually and necessarily incurred. This will require medical reporting or prescriptions from the physician requesting those services and/or documenting the necessity for those services, utilization reviews and explanations of benefits/reviews conducted for those services and any correspondence between the physician and the defense related to those services.

Further, lien claimant must assess whether sufficient substantiation evidence exists for its lien and decide whether to pursue the lien or to withdraw it and avoid further litigation.

Specifically, Petitioner requests an Order Authorizing Disclosure of the following:

1. Medical reports and prescriptions of Andrew Miles for the dates of service.
2. Petitioner is unaware if there is any med-legal reporting (AME/QME) in the instant matter, so can't identify with any specificity the authors or dates, but further request the inclusion of any such reporting.
3. All utilization review documentation authorizing or denying authorization for the dates of services listed in item 1 above.
4. All explanation of benefits/review documentation allowing or disallowing payment for the dates of services listed in item 1 above.
5. All correspondence between Referring Physician and the defense relating to authorization, or lack thereof, for the dates of services listed in item 1 above.
6. Any and all documents indicating that medical treatment by lien claimant was denied, for the dates of services listed in item 1 above.

Insofar as medical information substantiating Petitioner's services is necessary for Petitioner to meet its prima facie burden of proof on the issue of the reasonableness and necessity of petitioner's lien, and insofar as CCR §10637 prohibits disclosure of medical information about an injured worker without prior written approval of the court, Petition requests an order from the court authorizing disclosure of the specific medical information requested herein together with a finding that such information is relevant to the proof of the matter for which the information is sought. Petitioner agrees to protect the privacy of any medical information which may be ordered disclosed to Petitioner by the court and will not disclose it to any unauthorized persons or entities unless ordered to do so by the court.

Respectfully Submitted Dated: 11/21/2023

Angel Salazar
